GOLF TOURNAMENT PACKAGE CONTINUED

Booking Options

Shotgun Format: A shotgun start refers to a method in which every golfer begins at the same time but on different holes. This is a great format for groups of 144 players or more that require exclusive access to the course because it allows every player to complete their game at the same time, lets your tournament start between 11 am and 1 pm, and provides a smooth transition from the golf portion of your day to the evening's festivities.

Modified Shotgun Format: A modified shotgun is a starting method that is not offered by many facilities but is of great advantage to groups who are looking for the benefits of a shotgun start without the required number of guests to do so. Whenever possible, Westwood Plateau will offer a modified shotgun to groups of 56 to 140 players. All modified shotguns start at 1:30pm unless otherwise stated by the Golf Operations Manager.

Play & Patio / Tee Time Groups start their game of golf under the traditional consecutive tee time format running on ten-minute intervals and is a perfect format for groups of 12 or more players.
