## Booking Options

**Shotgun Format:** A shotgun start refers to a tournament format in which every golfer begins at the same time but on different holes around the course.

This is a great format for groups of 144 players or more as it gives your group exclusive access to the golf course, allows every player to complete their game at the same time, and because your tournament will start between 11 am and 1 pm, provides a smooth transition from the golf portion of your day to the evening's festivities.

**Modified Shotgun Format:** A modified shotgun is a starting method not offered by many facilities but is of great advantage to groups who are looking for the benefits of a shotgun start without the required number of guests to do so.

Whenever possible, Westwood Plateau will offer a modified shotgun to groups of 56 to 140 players. All modified shotguns start at 1:30pm unless otherwise stated by the Golf Operations Manager.

**Play & Patio / Tee Time Group:** Is the perfect format for groups of 12 to 32. Players start their game of golf under the traditional consecutive tee time format running on ten-minute intervals.
